

Sharing the journey, nurturing the child

Rosemary Lane Nursery School

Hi everyone!

Here is your second installment of lovely play activities to keep you busy while you're staying safe at home!

Don't forget to check our website and OurSchoolsApp weekly for more inspiration!

Remember to send us your photos on Twitter using our Twitter handle - [@RosemaryLaneNS](https://twitter.com/RosemaryLaneNS)

We'd love to see what you've been getting up to!

Stay safe everyone!

Baby bath

Give your dolls a bath! Add lots of bubbles and have a nice fluffy towel ready for when you're done!

Dino Excavation

Freeze some dinosaurs or other small toys in ice (a balloon works really well if you have one!) Can you rescue them? Try cold, water, warm water salt... what happens to the ice?

Bike Ride

Practise riding your bike. Can you learn to ride without your stabilisers?

Bird Feeders

Use recycled materials to make a bird feeder. There are lots of other ideas for our feathered friends here...
www.bbc.co.uk/cbeebies/makes/bird-feeder

Scavenger Hunt

Go on a nature scavenger hunt. How many different things can you find?

Bubbles

Can you make a bubble wand? You could use a cookie cutter, pipe cleaner, a wire coathanger or even a plastic bottle! Which shape makes the best bubbles? Can you make some GIANT bubbles?

Biscuits

Follow a simple recipe to make some delicious biscuits.
www.bbcgoodfood.com/recipes/easiest-ever-biscuits

Bean Bag Toss

Practise your number recognition with a simple bean bag throwing game. No beanbag? No problem! Use a small soft toy!

Float or Sink?

Experiment to find which objects around the house float or sink.

Photography

Take some photographs of your favourite things.

Stone Painting

Decorate a stone and leave it somewhere to make someone smile.
