

## Outdoor clothing

We kindly request that you provide your child with:

- A warm outdoor coat
- A warm hat
- Gloves or mittens

These items will enable your child to comfortably participate in daily outdoor learning. Please store gloves in your child's coat pockets and tuck hats inside your child's coat sleeve. Make sure to name all items of clothing.

**Ideal clothing includes** leggings or tracksuit bottoms, which allow for unrestricted movement during active learning opportunities whilst also keeping your child warm.

## Fundraising

Thank you for all your support with sponsored events last term. This money has been used to fund Christmas activities, gifts and to buy new resources for the Oak room.

## Reading Volunteers

We are looking for willing volunteers who have time to come along to nursery and read a nursery story to a small group of children. Reading books is not always modelled to children by adults as we are all guilty of using our mobile devices in place of books, magazines and newspapers. We want our children to develop a love of reading and we would love your help to promote this. This is an open invitation to grandparents, parents and extended family members to come into school to read. If you are free to join us, please speak to your child's key person to arrange a date and time.

## Nursery provision

If your child takes home some nursery toys please return these to us. We understand there are lots of exciting resources that the children love to play with and these may end up in little pockets. Please do not feel embarrassed, this happens quite often. It costs a lot of money to replace missing items and sometimes these are taken from sets and cannot be individually replaced. For example the small world animals are all purchased in sets and to replace one would mean buying the entire set again. Please pass any resources back to nursery staff to ensure that they are put back into the correct places. Thank you.

## Safeguarding Reminders

- Please **do not leave any young children unattended** in cars when dropping off and collecting.
- Please **ensure all children coming to nursery are strapped into a suitable car seat.** This is UK law.

Parents and carers who do not use the correct car seats and those who leave children unattended can be **reported to social services for failure to safeguard** a child.

# Spring Term 2026 Newsletter Oak Room

## Our planned curriculum for the Oak room children

The nursery environment within the Oak room has been carefully created with resources to further embed and extend the skills children learned in the Maple room. The continuous provision has been selected to progress the development of PRIME areas and introduce the Specific areas of Early Years Foundation Stage. Resources are displayed to promote children's independence and embed the characteristics of effective teaching and learning. Children in the Oak room have a number of opportunities to meet together in their small group with similar age peers, for a planned experience led by their key person. This may be focused around mathematical development, phonological awareness, reading a story or singing songs and rehearsing rhymes together. Children continue to embed social skills and mathematical learning through sharing in snack time. Tasks such as self registration onto 5 frames, using visual timetables, listening for and responding to the rhythm of the day and matching resources back to their original places at tidy up time all promote mathematical understanding.
